| <b>Focus Frieze Ds/dg</b>  | <b>Solo Lite</b>             |
| <b>Focus Lp</b>            | <b>Solo Octagon</b>          |
| <b>Focus SQ</b>            | <b>Solo Pentagon</b>         |
| <b>Focus Wing</b>          | <b>Solo Rectangle</b>        |
| <b>Master A</b>            | <b>Solo Rectangle Line</b>   |
| <b>Master B</b>            | <b>Solo Square/Akutex HS</b> |
| <b>Master C</b>            | <b>Solo Triangle</b>         |
| <b>Master Ds</b>           |                              |

as belonging to emission class M1 for building materials.

The classification is valid until 16.12.2022.

Saint-Gobain Ecophon AB has the right to equip its classified products with the classification mark and to use this classification mark when marketing these products.

The decision is in line with the requirements laid down in the Classification of Indoor Climate 2018 and the Classification of Building Materials: General Rules.
